Steps to create marketing strategy content

Social media marketing is using social media platforms like Facebook, Twitter, and Instagram to promote brands, products, or services. It builds brand awareness, drives engagement, and increases conversions by creating and sharing resonating content, engaging with followers, and using social media advertising.

01 Define marketing goals

02 Buyer persona research

03 Do a content audit

04 The concept of content ideas

05 Specify the content created

06 Manage content well
