The Mattress Factory (Building a Digital Growth Engine from Zero)

Google Conversion Value · 26 Meta Campaigns · Built from Zero

Client Overview

Field	Details
Client Name	The Mattress Factory — themattressfactorysa.com
Industry	Manufacturing & Retail — Premium Mattress & Sleep Products
Location	Riyadh, Saudi Arabia
Project Period	July 2023 — September 2026 (Active)
Scope	Full Brand · Shopify E-commerce · Google Ads · Meta Ads · Snapchat Ads · GA4 + GTM + Pixel

The Challenge

When The Mattress Factory first approached CWB, they had absolutely zero digital presence:

- ✓ No brand identity, logo, or visual system
- ✓ No website or online store
- ✓ No social media presence on any platform
- ✓ No paid advertising setup
- ✓ No tracking or analytics installed
- ✓ No customer acquisition funnel

The Saudi mattress retail market is highly competitive with established brands spending heavily on Google and Meta. The challenge was to build a complete digital business from zero and generate profitable sales quickly.

The Strategy & Solution

Phase 1 — Brand & Infrastructure (Week 1–2)

- ✓ Designed complete brand identity — logo, color system, typography, post templates
- ✓ Built Shopify e-commerce store (themattressfactorysa.com) with full product pages
- ✓ Set up Facebook, Instagram (@themattress.sa), Twitter, Snapchat accounts
- ✓ Installed Google Analytics 4, Google Tag Manager (Version 2), Meta Pixel
- ✓ Configured conversion events: PageView, ViewContent, InitiateCheckout, Search, Contact, Purchase

Phase 2 — Paid Advertising Launch (Week 3–4)

- ✓ Launched Google Ads — Search campaigns targeting Arabic + English mattress keywords
- ✓ Launched Meta Ads — WhatsApp lead generation + website traffic campaigns
- ✓ Launched Snapchat Ads — Video awareness campaign
- ✓ Set up bilingual content calendar (Arabic + English) — 5 weeks planned

Phase 3 — Optimization & Scale (2023–2026)

- ✓ Scaled to 26 Meta campaigns over 3 years
- ✓ Launched Performance Max (PMax) campaign — 13,080 clicks · SAR 19,104 spend
- ✓ Ran product-specific campaigns (Ortho Comfort, Pocket Spring, Wedge Pillow, Foam Solutions)
- ✓ Received inbound B2B RFQ from Red Sea hospitality project — direct result of digital marketing
